200 LOTS FOR SALE

The manager of the Lake estate, in order to enhance the value of the property of the estate, as well as assist in

Building Up the Town of Reno

Has determined to offer two hundred fine building lots for sale, some of which are situated in the central part of town, and are very desirable for business purposes. The proposed site for homes is immediately south of the Truckee river, and its elevation affords a magnificent view of the mountains in the distance, and the valley and town near at hand. A more perfect place for an elegant home could not be selected. The soil is good and an abundant supply of water will be sold with each lot. The health of the locality cannot be questioned, as its elevation assures a perfect system of sewerage. Gas mains will be laid through the streets free of cost, for the benefit of those desiring to use them. It is also intended by the owners to lay out a park on the south side of the Truckee river, covering 20 acres, in which the public may enjoy the pleasure of driving, fishing and boating.

The educational advantages of Reno are well known, and the business prospects of the town are assured beyond a doubt. Purchasers of these lots may feel confident that the best of terms will be offered, and they will be fairly dealt with. For further particulars, address

THE IDEAL MAGAZINE

FOR YOUNG PEOPLE IS WHAT THE paper call St. Nicholas. Do you know about it—how good it is, how clean and pure and helpful? If there are any boys or girls in your house, will you not be a mother or father for a year or two if it isn't just the element you need in the household? "The London Times" has said, "We have nothing like it on this side." Here are some leading features of St. NICHOLAS

FOR 1886-87.

Stories by Louis M. Alcott and Frank R. Stockton—veral by each author.

A Short Serial Story by Mrs. Burnett, "The Little Lord Fauntleroy," has been a great feature in the past year of St. NICHOLAS.

War Stories for Boys and Girls. General Bade, chief-of-a-aff, biographer and confidential friend of General Grant, and one of the most popular young living military writers, will contribute a series of papers, describing in clear and vivid style, one of the leading battles of the civil war. They will be panoramic descriptions of single contests, or short campaigns, and will include a gallery of the great and heroic conduct in which the prowess of many a boy and girl of to-day took part.

The serial stories include "Juan and Juana," an admirably written story of Mexico; "He," by Frances Courtney Bayard, author of "On Both Sides"; also, a "Jew's" story of a life in a great city.

Short Articles, instructive and entertaining, will abound. Among these are: "How a great Panorama is Made," by Theodore R. Davis, with practical instructions; "Winning a Commission (Navy Academy)," "Recollections of the Naval Academy," "How to Paint for Oil," and "Among the Gas Wells," with a number of striking pictures.

THE INTER-STATE BILL.

The bill before Congress on Inter-State Commerce which has already passed the Senate, consists of 23 sections, the most important of which, to Nevada at least are Nos. 4 and 5. Section 1, declares that the bill is not to effect the commerce of any State. Two and three prohibit rebates and discriminations.

Sec. 4. Provides that it shall be unlawful for any common carrier subject to the provisions of this act to charge or receive any greater compensation in the aggregate for the transportation of passengers or of like kind of property, under substantially similar circumstances and conditions, for a shorter than for a longer distance over the same line, in the same direction, the shorter being included within the longer distance; but this shall not be construed as authorizing any common carrier within the terms of this act to charge and receive as great compensation for a shorter as for a longer distance: *Provided*, however, that upon application to the commission appointed under the provisions of this act, such common carrier may, in special cases, after investigation by the commission, be authorized to charge less for longer than for shorter distances for the transportation of passengers or property; and the commission may from time to time prescribe the extent to which such designated common carrier may be relieved from the operation of this section of this act.

Sec. 5 prohibits pooling; secs. 8, 9 and 10 provide for punishing violations by a fine of \$5,000. Secs. 11 to 17 provide for a commission of five at a salary of \$7,500 for each member and a secretary at \$3,500 a year. The rest provide for public reports and for an appropriation of \$100,000 to carry it out. The bill is in many respects an excellent one and in others it will bring unexpected hardship in many places and to many industries. It will be better for Nevada than almost any other State in the Union unless the commission let up on the Pacific roads and permit them to charge through rates and back freights.

Mexican War Pension Bill.

WASHINGTON, January 18.

The House yesterday agreed by a vote of 245 to 5, to the Senate's amendment to the Mexican war veterans pension bill, which now only requires the signature of the President to become a law. It provides that a pension of \$8 per month shall be paid to all surviving officers and enlisted men, including marines, militia and volunteers of the military and naval services of the United States, who being only enlisted, actually served 60 days with the army or navy of the United States in Mexico, or on the coasts or frontiers thereof, or enroute thereto in the war with that nation, or were actually engaged in battle in said war and were honorably discharged; and to such officers and soldiers and sailors as may have been personally named in any resolution of Congress for any special service in said war, and the surviving widows of such officers and enlisted men; provided that such widows have not remarried, and provided that every such officer, enlisted man or widow who is or may become 62 years of age, or who is or may become subject to any disability or dependency equivalent to the same cause prescribed or recognized by the pension laws of the United States as a sufficient reason for the allowance of a pension, shall be entitled to the benefits of this act. But it shall not be held to include any person not within the rule of age or disability or dependency herein defined or who incurred such disability while in any manner voluntarily engaged in aiding or abetting the late rebellion against the authority of the United States. Section 4716 of the Revised Statutes is repealed so far as it related to this act, or to the pensioners under this act.

May Be Rejected.

WASHINGTON, January 18.

It is stated that the nomination of Charles W. Irish of Iowa City, Iowa, who was designated during the recess to be Surveyor General of Nevada, vice Christopher C. Powning suspended, will certainly be reported and probably acted upon adversely. The sentiment of the Senate in favor of Home Rule, especially in the organized States is strong.

FOREIGN DISPATCHES

War Preparations — Accidentally Stabbed.

VIENNA, January 18.

The government continues to hasten its preparations for war. Orders have been issued instructing the Red Cross Society to revise the staffs of the hospitals under its management to their full strength, and to quadruple the number of beds in those institutions. Large contracts have been made for provisions, deliverable to the War Department in March. The railway officials who were recently summoned to Vienna to consult with the government respecting the transportation of troops in the event of the mobilization of the army, have just reported that the preparations they decided upon have been completed.

The whole editions of two newspapers in this city were confiscated yesterday because they contained detailed accounts of government military preparations. The Censor, however, did not touch the *Deutsche Zeitung*, which announces a mobilizing experiment with one brigade, and says that a strategic railway from Dembicia, Galicia, to Nadarzill, on the frontier, will be hastily completed.

During the performance of Wagner's opera, "Rienzi," at the Stadt Theater in Bremen, the tenor, Heinrich Vogel, was accidentally stabbed in the chest with a dagger. He bled profusely, but pluckily carried through his role. He is rapidly recovering from the effects of his wound.

Mme. Sembrich has been appointed singer to the Emperor and Empress of Germany.

Work of the British Parliament.

LONDON, January 18.

The Standard says the Government will, early in the coming session of Parliament, submit a measure to deal more effectually with agrarian conspiracy. The bill will empower the Crown, in certain cases, to summon special juries, and, if necessary, change the venue. It will also confer on the magistrates power to deal summarily in cases of persons arrested for inciting conspiracy, intimidation and boycotting, punishment for which offenses shall not exceed six months' imprisonment. The bill, which has already been approved by the Cabinet, will be made applicable to the whole Kingdom.

Gun-Boat Wrecked.

LONDON, January 18.

The British gunboat Firm, was wrecked to-day on the Northumbrian coast. Nineteen of the crew were saved by means of the rocket apparatus of the life-saving service, but the fate of the others is, as yet, unknown. The Firm is a composite gunboat of 455 tons and has been a tender to the Iron turreted ship, *Devastation*.

Wanted At Home.

LONDON, January 18.

Several Germans, in England, have received telegrams from the German Consulate in London, requesting them to be prepared to return to Germany at 24 hours notice and report for duty at their respective military reserve headquarters.

WESTERN DISPATCHES

A Midnight Blaze.

OAKDALE, Cal., January 18.

A fire broke out at 12 o'clock last night, on the east side of the railroad, opposite the depot, destroying Pauson's restaurant, Rutherford & Adie's saloon, Reeder's restaurant, Monroe's saloon and Kormayer's hotel. Loss, \$20,000, half insured. Cause unknown.

A Good Message.

CARSON, January 18.

General Stevenson sent his message to the Legislature yesterday. It was delayed because of his courteously waiting for his predecessor to send in his first, and also to study the requirements of the State. He takes the ground always held by the *GAZETTE*, that the Constitutional Amendments

were very carelessly treated by the last Legislature. He favors irrigation and storage of water and that surveys be made by Uncle Sam. He favors free coinage for silver. He thinks the clamor against railroads is from the idle class that cannot be injured. He favors a Board of Equalization, the annexation of Idaho, a normal school at the University, the increase of the Board of Regents to five and of the Insane Asylum to five by the addition of the Attorney General, an appropriation for State and District affairs and an Arbor day.

California Senatorship.

SACRAMENTO, January 18.

A ballot for United States Senator was taken in the Assembly to-day. Vrooman, Republican, received 40 votes, and Hearst, Democrat, 38. In the Senate, Hearst had 25 and Vrooman 11 votes.

CRUELLY ASSASSINATED.

An Old Colored Man Killed in his Own Home.

The Carson Tribune of the 17th inst says:

Last evening between 8 and 9 o'clock as the well known old colored man, Henry Bailey, was toasting his shins before retiring to bed, at his Clear Creek home, some miscreant shot him dead where he sat. The weapon was undoubtedly a double-barrelled shotgun, and evidently both charges were fired, and so close must have been the weapon to the window that the curtains were set on fire by the discharge. The reason for the killing has not yet transpired, nor has the perpetrator of the foul act been discovered, but doubtless will shortly be found. Poor old Billy lived very many years in Ormsby county, and with all the peculiarities of his race considered, had many friends, and cor old Aunty, than whom a better woman never lived, will sorely mourn the old man's loss. Bailey was a slave, and was brought to California by his master, working for him in the mines of that State until he came to Nevada, and his yarns of slave and free life will long be remembered by Carson folks. He was a hard-working old man and leaves a nice little property at Clear Creek, Ormsby county.

Shooting at Adin.

The Modoc Independent of the 13th inst. says: From the driver of the stage between Alturas and Bieber, we learn that on Monday last, Billy Massingill, a clerk in the employ of Rosberry, Harvey & Co., was shot and probably fatally wounded by a man named J. E. King, a watchmaker and jeweler who recently arrived at Adin from Red Bluff. The trouble grew out of an intimacy between King's wife and the wounded man, which is reported, Mrs. King had confessed to her husband.

Saw Mill and Railroad.

The new band saw at Beckwith is an object of great interest to lumber manufacturers. George Towle of Towle Brothers at Alta, and Mr. Talbot of Puget Sound, came over on Thursday and went out to see it. Mr. Towle says he thinks well of the system.

JOTTINGS.

Mrs. Jas. A. Smyser, York, Pa., cure a bad attack of pleurisy by using St. Jacobs Oil.

The Susanville people are circulating petitions for a daily mail instead of one six times a week.

There are said to be an unusually large number of young men in the present California Legislature.

Take your meals at the Palace restaurant and you will neither grow old or be troubled with dyspepsia.

It is now thought that the Indian problem will soon be solved, for "Lo" has taken to the e-cigarette.

Talmage recently preached from the text, "How Old Art Thou," and 17 old maid immediately withdrew from his church.

Dr. Maddux, the popular young dentist will move to Mrs. Chamber's block and have his office upstairs after the 1st of February.

Tom Barnett never allows his stock of all kinds of the best shoes to run down, but always has just the quality and size inquired for.

An eastern paper says that "man wants but little here below—zero." But he does need just the kind of meats being sold by Craig & Lievre.

Eastern corn meal, buckwheat flour, oat meal and cracked wheat, besides a full line of all kinds of the best groceries at Leadbetter's.

People who buy their roasts, steaks, chops and corned beef of J. Frazer never have any cause to complain of either weight or quality.

Those home-made French-mixed candies of C. J. Brookins' are absolutely pure and always fresh. All kinds of school books and school supplies.

Before purchasing a postal order to send away for a pair of shoes, examine the quality and price of John Sunderland's stock and you will buy at home.

A discriminating public was not long finding out that M. T. Barnett is keeping as fine a quality of all kinds of family groceries as were ever offered in this market.

Uncle Tom's Cabin.

Dave Bolasco's new version of "Uncle Tom's Cabin" was presented at the Nevada Theater last evening to a fair house. Some of the details of the original play have been eliminated by Bolasco, author of this version, but all of the sad, pathetic and thrilling parts of the original drama have been retained. R. C. White's Uncle Tom and Mt. Caine's Legree were most excellent. The characters of Cassy and Eliza were never more faithfully portrayed than by Misses Elsie and Darragh respectively. Little Georgia Caine as Eva took her part well. Miss Rynan as Topsy, although suffering from a severe cough, played well the difficult part of the "wielded brack," incorrigible darky girl who was never born. In fact the whole cast was nearly faultless and the negro plantation melodies were well sung. The scenery, all of which is entirely new, was the finest ever placed on a Nevada stage.

Free Trade.

The reduction of internal revenue and the taking off of revenue stamps from Proprietary Medicines, no doubt has largely benefited the consumers, as well as relieving the burden of home manufacturers. Especially is this the case with "Chest's Acid Power" and "Dose's German Syrup," as the reduction of 25 cents per dozen, has been added to increase the size of the bottles containing these remedies, thereby giving one-fifth more medicine in the 75 cent size. The "August Flower" for dyspepsia and liver complaint and the "German Syrup" for cough and lung troubles, have perhaps, always agreeably though surely, progressive, never abrupt and violent. On this account it is admirably adapted to persons of delicate constitution and weak nerves, to whom the powerful mineral drugs are positively injurious. The re-establishment of healthful vigor is conspicuously shown in cases where it is taken to overcome that fruitful cause of debility, indigestion, coupled as it usually is, with biliousness and constipation. Thorough digestion, regular evacuation and a general feeling of well-being are promptly and invariably attend its administration. It is, besides, the best protective against malaria, and a first-rate diuretic.

A General Restorative.

Hosettter's Stomach Bitters are emphatically a genial restorative. The changes which this great tonic remedy produces in the disordered organs are always agreeably though surely, progressive, never abrupt and violent. On this account it is admirably adapted to persons of delicate constitution and weak nerves, to whom the powerful mineral drugs are positively injurious.

It is a safe, efficacious remedy, restoring the health of the system.

The re-establishment of healthful vigor is conspicuously shown in cases where it is taken to overcome that fruitful cause of debility, indigestion, coupled as it usually is, with biliousness and constipation.

Thorough digestion, regular evacuation and a general feeling of well-being are promptly and invariably attend its administration.

Joseph R. Grismer and Peebe Davies.

On Monday evening next, at the Nevada Theater, the above-named artists, supported by a carefully-selected company, will appear in a dramatization of Hugh Conway's wonderful novel, "Called Back." The following clipping is from the San Francisco Call: When Hugh Conway wrote his novel, "Called Back," he little thought it was destined to create the greatest literary sensation of the day. The sale of this wonderful story has exceeded that of any book published for years, both in England and the United States. Had the book been written for the purpose of being adapted as a play, it could not have been made more suitable, it being eminently dramatic and capable of winning the applause of the people. Joseph R. Grismer, Miss Phoebe Davies and a powerful company presented this great drama last evening at the Opera House, before a crowded auditorium, and it was received with great applause. Replete with thrilling incidents and situations, it was listened to by the audience with profound interest from the rise to the fall of the curtain. There is nothing Mr. Grismer plays better than the part of the hero of the story, and in nothing is Miss Davies more pathetic and emotionally successful than in the sad, demented bride.

The sale of seats is now progressing at Thurston's book-store.

A Distressing Case.

Several weeks ago the body of a man, supposed to be Jacob Beardmore of Barren county, Michigan, was found near Buchanan. It was not Mr. Beardmore, however, and when he returned home the other day well and hearty he found the shock of his supposed death had turned his wife's black hair white and unbalanced her mind so that she did not know him.

A Good Thing come to Stay.

America is a great country for inventions and discoveries. Thousands upon thousands of new things come to light every year; thousands upon thousands of them disappear to be seen and heard of no more. Some of the new discoveries come to stay because they are genuine and meet a long felt want. Such a thing is Alcock's Porous Plaster, which after a fair trial of 25 years is conceded to be the best external remedy known by both the medical fraternity and the general public.

In a quarter of a century it has never failed in doing all that was claimed for it. Alcock's Porous Plasters have reached the place they now occupy because they have been proved to be good, safe, and speedy in doing their work. Ask your druggist for Alcock's, and be sure to accept no other.

SLEEPLESS NIGHTS made miserable by that terrible cough. Shiloh's Cure is the remedy for you. For sale by Osburn & Shoemaker.

A Scanty Store.

J. N. Jaquis of Surprise drove in Sunday with a load of ore from Cottonwood for smelting. He says the report is that this exhausts the ore in sight. There is not much snow on the mountains around Surprise and the prospect for next summer's crops is poor. If there are not heavy storms it will be bad for crops and stock. Wheat, flour and barley are worth more than at Reno and are very scarce.

Agent's Sarsaparilla is the most potent purifier and fountain of health and strength. Be wise in time. All baneful infections are promptly removed by this unequalled alternative.

ORE FROM AUBURN.

A great deal of ore is coming from near Auburn and other parts of Placer county to the Reno reduction works, and the Placer Republican is agitating the question of home reduction works. The chances are that ore is found there can be worked much cheaper here than in small works near home.
